

Welcome to
PFI Norway CONFERENCE / BELTANE BASH 2016

You are very welcome to PFI Norways first Conference! The landlord tells us that the fish eagle, beavers, swans and other animals and birds have returned to Borrevann after the winter so we'll have good chances of excellent experiences in nature!

We wish all our participants a comfortable journey to the Beltane Bash 29th April in Horten. Everyone is welcome from 4 in the afternoon on the Friday and the adress is:

Vikveien 44 & 50, Horten. <http://no.paganfederation.org/pubmootseventer/beltane-bash/reisehjelptravel-plans/> (Travel guide on our website)

From E18 you exit at Koppstadkrysset towards Horten. After about 4 km turn right in to Vikveien towards Borre. Drive about 400 m, sign to Borrevannshytta. For travel help please contact Arild at; Ari a paganfederation.org

FOOD

Because of unforeseen, late expenses the food won't be as extravagant as we would have liked to serve you. There will be soups and sandwiches and we will be working hard in the kitchen to be able to offer something a bit more fancy at points. There will be kitchen duty but not more than you are used to at home. If at all possible please bring plastic cutlery and plate, other than that we reluctantly have to stick to disposable plates etc since we can't bring this from the kitchen and to the outside areas.

If you are a vegetarian please mail me at: ninmah@paganfederation.org

On the Saturday we will be visited by Proletaren, a food stall that specializes in ecological soups, bread, waffles, honey, mead etc – to both those lodging and those on day passes;

THE GAIA PROJECT

PFI Norway wants to create focus on our environment through the newly started Gaia Project. There will be an exchange table for stuff we no longer want but can make someone else happy, a healing tent, picking of garbage and a discussion at the Conference as an active start to the project. <https://www.facebook.com/gaiaprojektetPFI/?fref=ts>
